

Polymer Notebook	TEL 204: Polymer Molding & Forming Department of Technology	Student Name:
Individual Module: 36		
EMAIL ADDRESS:		

Overview:

You need to have a system to organize the various resources and notes that you will accumulate in TEL204. Obtain a 3 ring notebook where you can keep all documents (and some artifacts) related to this course. Your name and email address should appear somewhere on the outside of the notebook or inside the front cover. The notebook needs to have the following sections. Your notebook will be evaluated at the final exam.

Notebook Structure:

1. Course syllabus, calendar, etc.
2. Class notes from demonstrations, films, lessons, experiences.
 - A. Handouts
3. Laboratory Modules
 - A. Handouts that accompany modules
 - B. Notes from class about this module
4. Notes from reading textbook (organized by chapter).
5. Term paper notes, printouts, draft documents, etc.
6. Artifacts, miscellaneous, thumb drive, CD's, other (sheet protectors or other pockets may be useful)

Grading:

	Results
Notebook organization	40 pts. _____
Notebook content	60 pts. _____
	TOTAL _____
